

SAFETY

POWER | CLIMATE | AIR | SAFETY

ABOUT US

Apeiron Energy is a value added integrated solutions provider of innovative equipment solutions. Apeiron designs, manufactures, and distributes global brands in North America: US & Canada.

Apeiron supplies EPA, UL & CSA compliant rental ready solutions for Power | Climate | Air | Safety equipment, including but not limited to AC & DC prime power generators, dual phase heaters, mobile air compressors, safety lighting and lightning protection systems to name a few.

Our Power, Climate, Air & Safety solutions bring value to diverse market segments, including; Rental, Telecom, Oil & Gas, Construction, Disaster Response, Military, Mining, Agri & Aquaculture, Remote Communities & Dewatering.

Apeiron is committed to providing solutions at the pinnacle of quality & efficiency. We are also a leading financier of innovative solutions, extending value through our Apeiron Managed Care Leasing® programs, which can include installation, maintenance, remote management, parts & product support as well as extended warranties, fueling and other packages that lower the total cost of operations and ownership.

In all our endeavors, Apeiron seeks to take leadership through innovation, creating new value in our solutions, working harmoniously with our customers, suppliers, partners and our greatest asset, our diverse & global employees.

Innovative & High Quality

Industry-leading, innovative equipment provider. Apeiron is proud to offer services and solutions that demonstrate the pinnacle of quality and efficiency.

Certified & Convenient Solutions

We supply EPA-tier compliant and rental-ready products and systems that are tailored to your industry's unique needs.

Tailored Equipment Expertise

We will always choose expert-engineered equipment combined with Apeiron Energy know-how and support.

Efficient & Cost-Effective

Supply versatile solutions that operate more efficiently and conserve significantly more energy than traditional products.

APEIRON'S SAFETY SOLUTIONS

LIGHTING PROTECTION SYSTEM | LED LIGHTING BALLOON
EAXTRON CONNECTORS | FENCING

Ensure The Safety Of Your Enterprise

The physical safety of your business and your employees is an important aspect of industry that requires many considerations. At APEIRON we can make the prioritization of operational safety a reality with a range of safety products that is reliable, durable, and versatile.

Our Safety Equipment Range Consists of :

- Lightning protection systems – Our revolutionary lightning protection systems are the only systems capable of protecting an entire area and not just a building. They work differently by protecting assets from the ground up, and are tailored by us to suit your environmental needs and ensure that you are fully protected in all of the areas that you need to be.
- LED Lighting Balloons – Our LED safety lighting balloons are produced in numerous shades of light, intensities, shapes, and sizes, to the equal delight of technicians in the film industry and safety officers on construction sites.
- EAXTRON connectors –The safest way is the Eaxtron way. Eaxtron connectors facilitate effortless decoupling, minimizing the risk of musculoskeletal damage associated with industrial battery usage. Durable housing and innovative tech allows for faster charging at higher amplitudes making them almost a necessity on any shop floor.
- Fencing – we produce a variety of fencing for our clients including :
 1. Chain Link Fences – Durable and versatile
 2. Welded Fences – Structured and secure
 3. Gates – Compatible options for chain link and welded fences
 4. Fence Bases – Flat base (included) or tubular base (upon request)

Using our products, which are made to meet the highest quality standards, Apeiron will create a bespoke safety solution for you that ensures the safety of your people and your premises, ensuring that your business remains up, running, and unfazed.

Apeiron Sales Channel Partner

- Qualified channel partners will both purchase & promote our components or our whole assemblies to market as branded, co-branded or private labelled products.
- Apeiron will have the ability to utilize channel partner's unique value add, including to scale manufacturing and distribution of products across our range of solutions & markets, as preferred product.

Apeiron Allied Vendor Programs

- Qualified prospects will have an existing network; Co-op, distribution, dealer or franchisee network, whereby our products are made accessible to their respective network.
- Allied Vendor Programs usually dovetail to another manufacturer or distributor's strategies and programs, wherein Apeiron products are co-branded or private labelled.
- Minimum quantities are allocated to each product & market segment.

Apeiron Integrated Solution Partner

- Qualified partners will incorporate our products & technologies into their integrated solution as complete assemblies.
- Integrated solution must add differentiated value add for specific applications & market segments.
- Apeiron's brand will remain on our product, and integrated solution will be co-branded where & as needed.
- Partner is exclusive to territory, market segment and or relationship to avoid channel conflicts.
- Apeiron may finance the integrated solution.

Apeiron Independent Service Provider

Apeiron is developing an Independent Service Provider Network by hiring proven technical resources, including field engineers, certified technicians for service & support for its Power | Climate | Air | Safety solutions across myriad applications
